THE CHALLENGE

- ▶ 50-53% of graduates are unemployed or underemployed.
- ▶ Skills gap between academia & industry.
- ▶ Employer expectations vs. Graduates Preparedness.

OUR SOLUTION

Our Employability Program bridges the gap between academics and industry by integrating technical skills, soft skills, aptitude training, and globally recognized certifications into regular academics. Through case studies, simulations, and career support like resume building and mock interviews, we prepare students to be industry-ready with guaranteed placement assistance.

Student TESTIMONIAL

-Priya Sharma, MBA Graduate

"The Employability Program transformed my confidence. From communication skills to technical certifications, I gained everything I needed to excel in interviews. I received two job offers even before completing my course!"

Recruiter TESTIMONIAL

— HR Manager, Tech Solutions Ltd.

"We were impressed with the preparedness of candidates from this program. They displayed not just technical knowledge but also strong communication, adaptability, and problem-solving skills — exactly what the industry needs."
